Celebrating five years of The Datai Pledge

Human. Nature.

One shared future. Celebrating five years of The Datai Pledge

Welcome to a very
special auction.

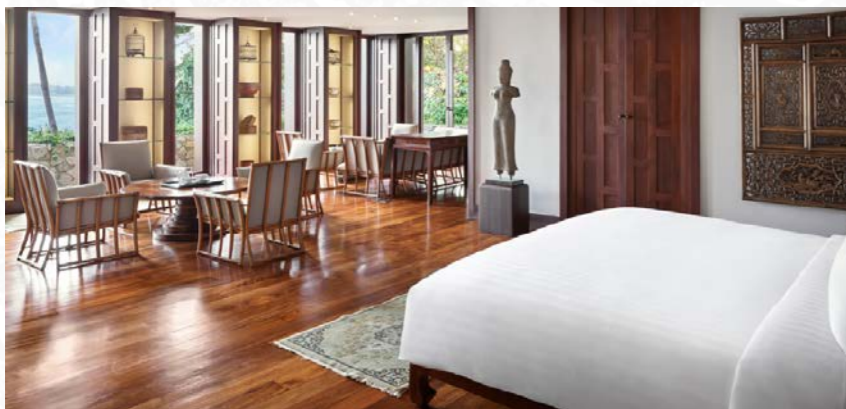

An Evening in the Rainforest

Gathered here at The Datai Langkawi, in the heart of an ancient rainforest, we are reminded how extraordinary this place truly is. This living landscape – thriving for millions of years – inspires the work of The Datai Pledge and the efforts to protect and nurture it for generations to come. We're so glad you're here with us this evening, celebrating the power of The Datai Pledge to change lives and protect this remarkable environment.

Tonight's auction is your chance to multiply that impact. Every lot represents a genuinely special experience or object, and every bid helps support the conservation efforts and community programmes that your generosity makes possible. As the evening unfolds with inspiring performances, a special six-hands dinner, and the excitement of the auction, we hope you enjoy a memorable finale to The Datai Pledge Festival.

Our sincere gratitude also goes to the generous partners who have contributed the exceptional stays, journeys and items featured in this auction. Their support makes this evening possible, and their shared commitment helps extend the reach and impact of The Datai Pledge.

SC Shekar Prints

Taken thirty-six years ago in Jerantut, Pahang, SC Shekar's black-and-white photograph captures a **Malayan tiger** at the water's edge, still and sovereign. Once numbering around 3,000 in Malaysia, fewer than 120 remain today. This image is a rare encounter and a powerful reminder of a species on the brink of disappearance.

Pulau Tuba captured from the air reveals a quiet heartbeat within Langkawi's chain of 99 islands. Its winding rivers thread through dense mangroves, nurseries where countless marine lives begin. This black-and-white aerial is more than a striking landscape - it is a reminder of the patient, essential rhythms that sustain our oceans.
