JOURNEY THROUGH THE FAR EAST

Drawing inspiration from his travels, Chef Chai has created a six-course menu that brings together the best of Far Eastern cuisine with unique ingredients to delight your palate.

Immerse yourself in a sensory experience as we explore the balance of fresh ingredients and flavours. Featuring herbs and spices traditionally used in Eastern cooking, some freshly picked from our own Permaculture Garden, the menu takes you on a journey through the five basic tastes: sweet, salty, sour, bitter and umami.
